RE: Complete Roof Replacement

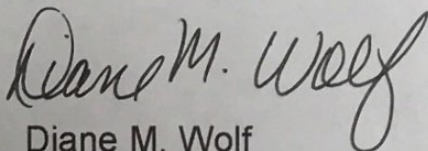

Dear Joanna,

I cannot thank you enough for doing such a great job replacing my complete roof. Throughout the whole process you provided me with more than enough information regarding the company, choices, pricing, the job that was going to take place, and that you were able to work around my schedule as well. The guys were professional and took time to make sure everything was cleaned before leaving.

Thank you for making this home improvement process easy.

I'm happy that you were referred from Mr. Bernard Thomas of Bartlett, Illinois.

Sincerely,

Diane M. Wolf
