Dear Joanna,

Your communication with me from the start of quotation to the finishing of the job was excellent. Your quotation for this job was very competitive in the market.

Your team has done excellent job in replacing old roof by new one at my house. Waterproofing detailing around chimney, skylights, between two walls, Ice and water sealant and placing shingles were excellent. Cleaning the job site was great.

Your team's courteous behavior and finishing the task on schedule are admirable.

I thank you for doing excellent job.

Wish you great success in your business.

Sincerely,

Devshi Roy
