Re: Replacement of Roof on House & Garage

Hi Joanna. I wanted to let you know that working with your company from the time I requested a quote to the time of completion of the project was a good experience. Your response to my request for a quote was prompt and the delivery of the quote in writing was much appreciated. You were patient with my various phone calls asking questions and were always courteous and able to answer my questions. The quote was fair and competitive especially when you consider the fact that you hand-nail the roofing!

I am happy with the color I chose (Riviera Red) and the color you chose for the new venting complimented the look of the new roof. The pictures you provided after the job was finished were very much appreciated as well. It was interesting and informative to see what the boards underneath my old roof looked like and made me appreciate the new boards & roof that much more.

Feel free to use this letter as a reference in any quotes you provide in the future.

Sincerely,

Linda Pauly
