Dear Joanna,

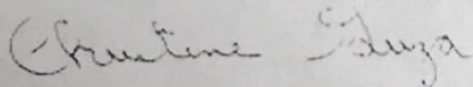

Just a brief note to let you know what a pleasure it was doing business with Perfect Roofing. From my initial contact with you, the quick turnaround time for the detailed quote to the completed job. I also appreciated that in the quote, you included a current copy of your certificate of insurance.

Your pricing is VERY competitive and your crew was polite. They did a wonderful job on the roof and the clean up afterwards. I also thought it was a nice touch that you personally came out to pick up the check after the roof was completed. So many times once a company completes a job, there's never a time for feedback. Though in the case of Perfect Roofing, I'm sure it's always positive.

Your company deserves the A+ rating with the Better Business Bureau and the good ratings listed on checkbook.org. I will happily refer your company to my friends and neighbors.

Thanks again to you and your entire staff for a job WELL DONE!

Sincerely,

Christine Guza
